

ICE SKATING MASTERCLASS WITH AN OLYMPIC GOLD MEDALIST

Jumeirah
VITTAVELI
MALDIVES

Evgeni Plushenko will hold ice skating masterclass on 2nd Anniversary of our ice rink

This year marks the second anniversary of our eco friendly open air ice rink Ice Ice Maybe at Jumeirah Vittaveli. To honour the occasion and in keeping with tradition, Olympic gold medalist Evgeni Plushenko has graciously agreed to return once again this March and share his gift with our guests in an ice skating masterclass.

Ice Ice Maybe comprises an impressive 87 square meter skating surface made from Glice, a sustainable artificial alternative for real ice, eliminating the need to use energy to keep the surface cool. Located on the beachside, this is the only ice rink where you may practice your pirouettes right after a leisurely swim in the gentle lagoon of a tropical Maldives island.

Evgeni Plushenko will hold his exclusive masterclass for resort guests only between 18 March 2020 and 28 March 2020, exact date will be announced to in house guests only. The courses are complimentary.
