# 50<sup>th</sup>

The 2022 /2023 season marks the 50th occasion of the festive season here at Kurumba Maldives. This past October, Kurumba Maldives celebrated its Golden Jubilee and its 50th anniversary.

A milestone moment not only for this resort, but for the Maldives as whole, as on that fruitful day of October the 3rd, 1972, tourism was born in the Maldives.

Our theme this season continues with the Golden Jubilee Celebration which lies at the heart of our activities this year. Gold is the colour of choice, and just like gold, Kurumba has proven its worth in these past 50 years; beautiful and strong, prized by many, and made to last.

This Festive Season we celebrate memories, friendships and familial bonds; past, present and future. Join us for the most wonderful time of the year, with wholesome and fun-filled celebrations, as we ring in the turn of the New Year and the many exciting moments to come, and the memories to be made.
