## **LOCATION**

My Blue Hotel is situated in a splendid and unique scenario in one of the Island's most beautiful spots, Nungwi, famous for sunsets and for the sea. It is about 50 km far from the Stone Town airport and is easily accessible at about 60 minutes of transfer.

The Hotel reasserts the unmistakable "sophisticated simplicity" of the famous My Blue Hotels and was built respecting the environment, surrounded by a tropical garden.

My Blue is developed in longitudinal manner and is characterized by an elegant and original tone to allow a relaxing and peaceful vacation.

As you get closer and closer to the beach you are overwhelmingly stunned by the many enchanting different shades of blues of the Indian Ocean and of the splendid white, very fine sand. The panorama is really suggestive thanks to rocky ledges that define and border the bay. The hotel is overlooking a calm and crystal clear sea that is not interested in the phenomenon of the high and low tides.

At only 200m from the Hotel you can find Nungwi's fisherman's village, where you can admire the local craftsmanship and see the many local characteristic bars along the seaside in the vivid Nungwi area famous for nightlife.
