# Eco friendly practices

Azul Eco Hotel is an environmentally sustainable hotel that has made important environmental improvements to its structure in order to minimize its impact on the natural environment. Our basic aim is to apply the practices of green living. We are also certified by the **Green Key Eco Label** and **Green Leaders Program with environmentally best practices to conscientious travelers.**

- Azul mitigate the use of plastic bottles by offering a reusable bottle
- Low Energy Efficient Lighting is applied
- Guests are encouraged to reuse towels, contributing in saving water
- More paperless front office services
- Guests are encouraged to reduce waste of glass bottles, jars, cardboard, plastic bottles, food and drink cans, electrical items and more

- eco friendly cleaning products are used
- Dispensers are used with 100% natural and plant based products and not small size amenities to supply the rooms in order to reduce plastic
- Solar power technology is used emerging hotel's self sufficiency
- Locally produced,eco-friendly food offered creating a guarantee of a pollution- free menu.
- Food is composted and donated from our food supplies

# Sustainability

Induction and training sessions will make sure that staff is aware of and trained on sustainability practices:

- **Recycling** (paper, newspapers, glass, batteries, fluorescent and long-life bulbs, cans and cartridges)

- Operating a '**switch off**' policy, turning off computer equipment and printers when not in use

- Using **local products**, made by local farmers, producers, and makers, and avail some of them at the reception for sale

- **Avoiding** single-use plastic water bottles. Give guests a reusable branded bottle and provide water dispensers around the premises instead.

- **Reducing** paper use by printing double sided.

- **Encouraging** guests to explore local attractions using public transport, bicycle or on foot by providing information about path walks, cycle routes, bike hire, bus and tube timetables at Reception. We will provide walking maps to local attractions in our room directories.

- **Use** of low energy light bulbs in public areas.

- **Monitoring** energy consumption of gas, electricity and water.

- **Increasing** paperless services

- **Turning off** lights and taps when not in use

- Buy in bulk.

# Green policy for our guests

Guests are engaged in hotel's sustainable practices. They are kindly asked to:

- Turn off lights when leaving the room.
- Turn off television when leaving the room.
- Turn off taps when not in use
- Limit the use of air-conditioning or heating and turn it off when a window or door is open to the outside.
- Leave newspapers out of the bins so they can be collected separately by the housekeeping staff.
- Apply Towel and Linen Policy

# Wellness

**"Wellness is a state of complete physical, mental and social well being".**

We have available wellness services like massage, reflexology, facial treatments, yoga courses, family yoga, meditation, aqua aerobic and other cultural activities.

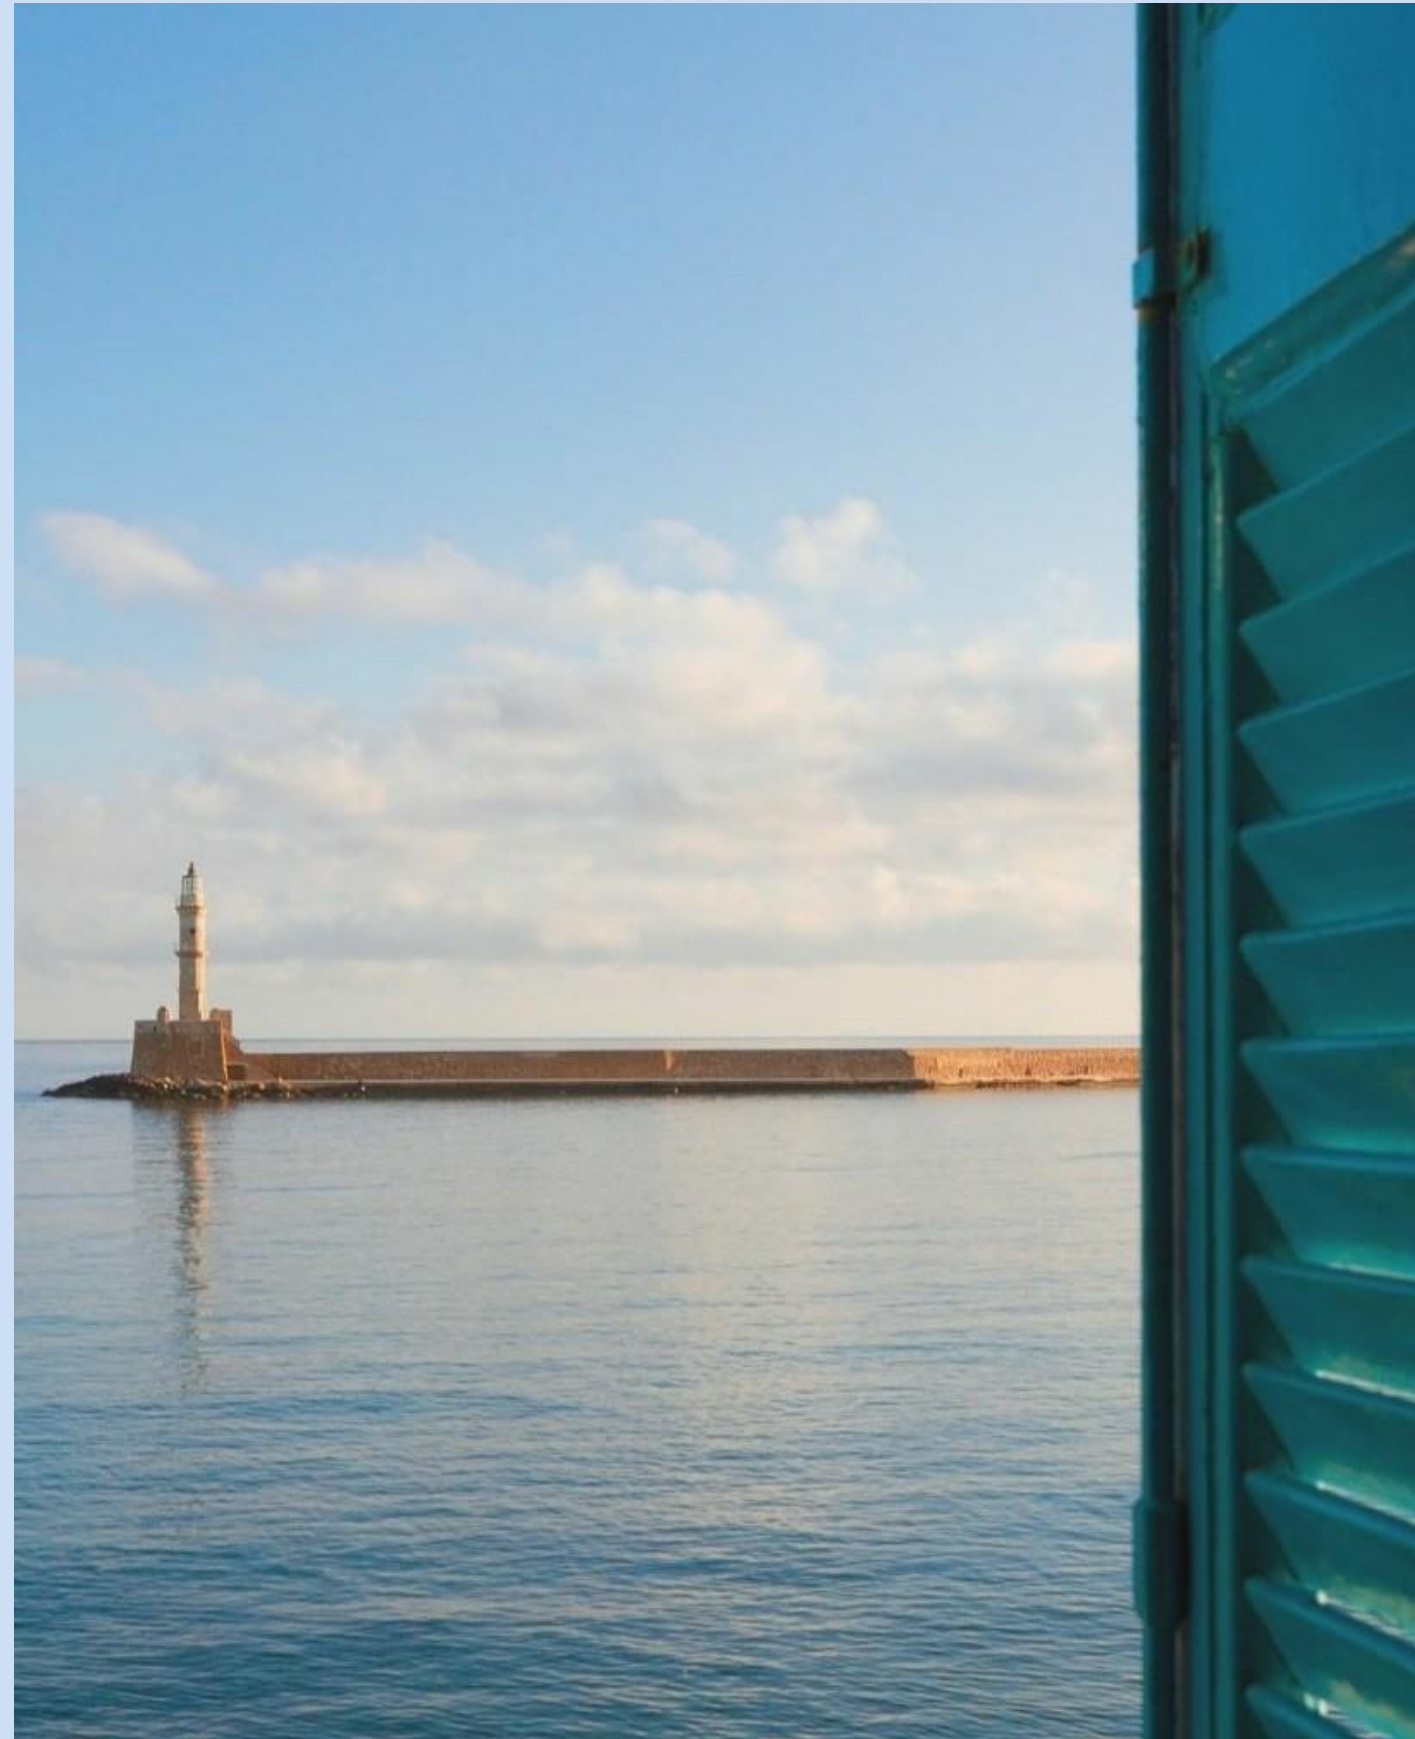

# We think locally

Local culture is properly introduced to our guests. We encourage our staff to share favourite spots and hidden gems that enable guests to feel and live like locals.

Detailed information about walking paths, local art, food events, secret beaches and beautiful villages that are worth visiting are provided.

We create  
emotional  
bondings and  
promote social  
wellbeing! We  
want our guests  
to become  
friends!
